

MFA CORNERSTONE CONSULTING

Knowledge is Power

At MFA Cornerstone Consulting, we provide proven, pragmatic business advice that enables our clients to better understand and strengthen their organization. Through our Valuation, Performance and Controls, IT Advisory and Litigation Support practices, we help clients optimize performance, control risk and appropriately assess the value of their enterprise.

If you are seeking a multi-disciplined team of specialized business consultants with the capability to enhance the competitiveness of your business, optimize its operations, prepare it for a critical transaction or protect its key interests, take a closer look at MFA. Our team has the experience and the know-how to help you make the most of your internal resources, improve process inefficiencies and grow your bottom line.

MFA's comprehensive business, finance and technology consulting services can help you understand, influence and grow your company, optimize business and financial processes and maximize shareholder value.

Credentialed Consultants

MFA's consultants boast a unique combination of business acumen and professional credentials in accounting and internal auditing (CPA, CIA), valuation (ASA, CFA, CVA), information technology (CGEIT, CISA, ASE) and fraud (CFE). Our team's strong business and educational foundation, together with the dedicated expertise our consultants have gained through direct experience with clients in every sector of the economy, allows us to efficiently guide the evaluation and optimization of core business processes and financial practices.
